Payment integrated with the web portal. You get instant access upon successful onboarding.

Note: After you Sign In, the session is valid for the period mentioned in **Lab Access Duration**.

If you Sign Out, you may Sign In again within the *access window* and continue from where you left off.

Lab Access Email Communication	Yes	Yes
Emails sent by the system during the access window. Look for emails from contact-at-makelabs.in. Check your spam folder if you don't see any emails in your inbox. Refer to FAQ for more details on	Emails sent by the system during the access window. Onboarding emails: One email per onboarding session. Lab Usage Report: Sent once every two hours during the lab access window.	Emails sent by the system during the access window. Onboarding emails: One email per onboarding session. Lab Usage Report: Sent every six hours (i.e., 4 times per calendar day).

email
communication.

**Participant
Access to GCP
Project**

For security reasons, the participant can see the project via GCP web ui console and open Cloud Shell terminal session. Beyond that, there won't be much access given. (Note: Not having deeper project access will not limit the execution of labs)

Limited

If you try to visit project resources such as Kubernetes Engine, IAM etc, you may see a message: You do not have access. Please ignore this, as limiting access is by design.

Limited
